

CRET 2021

2021 International Conference on Control, Robotics Engineering and Technology (CRET 2021) will be held in Paris, France during September 7th-9th, 2021. The aim of CRET 2021 is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the field of Control, Robotics Engineering and Technology. On behalf of organizing committee, we warmly invite you to take part in this unique and innovative conference with your enthusiasm to develop, your desire to apply and your willingness to mature the Control, Robotics Engineering and Technology technique and their applications.

▶ TOPICS

Topics of interest for submission include, but are not limited to:

CONTROL SCIENCE AND ENGINEERING

- Adaptive Signal Processing and Control
- Biological Inspired Sensors
- Co-Operative Control
- Discrete Event Systems
- Identification and Estimation
- Information-Based Models for Control
- Machine Learning in Control Applications
- Mechanical, Force and Tactile Sensors
- Software Agents for Intelligent Control Systems
- System Modelling

ROBOTICS ENGINEERING AND TECHNOLOGY

- Autonomous Agents
- Cognitive Approach for Robotics
- Collective and Social Robots
- Human-Machine Interfaces
- Humanoid Robots
- Industrial Automation and Robotics
- Modelling, Simulation and Architecture
- Perception and Awareness
- Vehicle Control Applications
- Virtual Environment, Virtual and Augmented Reality

More information, please visit: <http://cret.net/cfp.html>

PUBLICATION

Accepted papers will be included into CRET2021 Conference Proceedings, which will be submitted for indexing to **Ei Compendex** and **Scopus**.

IMPORTANT DATES

Submission Due: **July 20th, 2021**
Notification Date: **August 5th, 2021**
Registration Due: **August 10th, 2021**

SUBMISSION

1. Full Paper (Presentation & Publication)
2. Abstract (Presentation only)
Online Submission System:
<http://confsys.iconf.org/submission/cret2021>
